

**MOUNT DESERT ISLAND REGIONAL HIGH SCHOOL
BOMB THREATS**

Bomb threats are a significant concern to the District. Whether carried out or intended as a prank or other purpose, a bomb threat represents a potential danger to the safety and welfare of students and staff, frightens people, and disrupts the educational program. Bomb threats also place significant demands on the District's financial resources and public safety services. These effects occur even when such threats prove to be false.

Any bomb threat will be regarded as an extremely serious matter and treated accordingly. The Board directs the Superintendent and school administrators to respond promptly to information concerning bomb threats and to initiate or recommend suitable disciplinary action.

A. Conduct Prohibited

No person shall make a bomb threat involving school premises.

B. Definitions

1. A **"bomb"** means an explosive, incendiary or poison gas bomb, grenade, rocket, missile, mine, "Molotov cocktail" or other destructive device; and also includes any toxic or hazardous substance or material, including biomedical materials or organisms that, when placed as threatened, could be harmful to humans.
2. A **"look-alike bomb"** means any apparatus or object that looks like a bomb as described in #1 above.
3. A **"bomb threat"** is the communication, by any means, whether verbal or non-verbal, that a bomb or look-alike bomb has been, or will be, placed on school premises, including possession or placement of a bomb or look-alike bomb on school premises.
4. **"School premises"** means any school property, including school vehicles, or any location where school activities may take place.

C. Development of Bomb Threat Procedures

The Superintendent shall be responsible for developing and implementing bomb threat procedures as part of the District's Crisis Response Plan.

The initial bomb threat procedures will be submitted to the Board for its review. The Superintendent will be responsible for reviewing bomb threat procedures periodically and each time the procedures are used.

D. Reporting of Bomb Threats

A student who learns of a bomb threat or the existence of a bomb on school premises must immediately report such information to the building principal, teacher, or other employee.

An employee of the District who learns of a bomb threat or bomb placed on school premises shall immediately inform the building administrator. The building administrator or designee shall immediately take appropriate steps to protect the safety of students and staff in accordance with the school unit's established bomb threat procedure and inform the Superintendent of the threat.

All bomb threats shall be reported immediately to local law enforcement authorities, as provided in the bomb threat procedures.

The Superintendent shall be responsible for reporting any bomb threat to the Department of Education in the format required by the Department.

E. Student Disciplinary Consequences

Any student suspected of making a bomb threat shall be reported to law enforcement authorities for investigation and possible prosecution. In addition, the school will discipline any student who:

- violates this policy;
- knowingly encourages, causes, aids or assists another student in violating this policy;
- fails to report information or knowledge of a violation of this policy.

The administration may suspend and/or recommend for expulsion any student who violates this policy. Such violation will be considered deliberately disobedient and deliberately disorderly within the meaning of 20-A M.R.S.A. § 1001(9) and will be grounds for expulsion if found necessary for the peace and usefulness of the school.

In addition, a student who is found after hearing by the Board to have brought a bomb, defined as a firearm under federal law, to school shall be expelled from school for a least one year in accordance with 20-A M.R.S.A. § 1001(9-A) and Policy JICIA, except that the Superintendent may modify the requirement for expulsion based on individual circumstances.

A student who has been identified through the PET process as having a disability and whose conduct in violation of this policy is related to the disability shall be disciplined as provided in Policy JKF.

F. Staff Disciplinary Consequences

A District employee who violates this policy, or who fails to report information or knowledge of a violation of this policy, will be reported to appropriate law enforcement authorities and will be subject to disciplinary action up to and including termination of employment.

G. Lost Instructional Time

Instructional time lost as a result of a bomb threat will be rescheduled at the earliest appropriate opportunity, as determined by the Superintendent.

Time lost may be rescheduled on a weekend or vacation day, or after what would normally be the last day of the school year, except on days when schools must be closed as required by law.

H. Notification Through Student Handbook

All student handbooks shall address the District's policy and procedures and explain the educational consequences of bomb threats. In addition, student handbooks shall notify students and parents that bomb threats violate Board policy and civil and criminal law.
